

KSS 1500mm Solid Wall Shelf w/ Brackets

KSS

KITCHEN STAINLESS STEEL

Description

Kitchen Stainless Steel wall shelves are an ideal solution for commercial kitchens and food premises. Extremely sturdy and durable, KSS shelves are manufactured using 304 grade stainless steel to ensure the highest quality and durability. The shelves feature a 1.2mm thick stainless steel top. All shelving products by KSS come flat packed for easy transport and are quick and simple to assemble. All KSS products have stainless steel tops, stainless steel shelves and stainless steel brackets.

*Screws for wall and shelf not included
