

Royston 1900W Microwave Oven

ROYSTON[®]

Easy to use 25L commercial microwave oven. Highly programmable and customisable as per your cooking needs. This unit features a large cooking chamber with a removable middle shelf and a dual magnetron system for faster and even cooking

Description

This 30L Commercial duty microwave oven features a large internal chamber along with 10 programmable memory pads capable of storing up to 20 programs. The unit features an easy to clean ceramic bottom, a removable middle shelf and a full stainless steel construction. The microwave also has multi-stage cooking along with 3 power levels, giving more control than ever over the cooking/re-heating process. This oven also features a power dual magnetron system that cooks food faster and more evenly.

*Please note this unit is 15amp
