

# Royston 2 Module Bain Marie -2 Elements

# ROYSTON®

Keep food warm at food safe temperatures while making it look appealing to customers with a Royston 2 Module Bain Marie.

## Description

The Royston 2 Module Bain Marie is designed to keep food warm and at food-safe temperatures while using minimal power

- Suits 4 x 1/2 size bain marie pans
- All Royston Bain Maries fit standard GN 1/2 pans and are double skinned for added insulation
- Additionally, the BM-2/3/4/5/6 range of bain maries feature individual heating elements that means that when there is an element failure, other pan slots are still functional and heating up to specification
