

Mitchel Refrigeration 3 Door Pizza Bar

Keep your pizza ingredients: cheese, veggies and meats handy and accessible with this pizza bar. Prepare pizzas faster than ever by having all ingredients, bases and sauce all in the same area. With a huge 878 litre refrigeration volume, this unit is perfect for a pizzeria of any size.

Description

The all new Mitchel Refrigeration PIZZA-3D-E Pizza Bars feature a high powered ventilated cooling system to keep your ingredients fresh and at a consistent temperature. The PIZZA-3D-E has 3 doors that have fully adjustable shelves. The unit also comes standard with self closing swing doors and a frost free design that make the pizza bar extremely efficient and easy to maintain. The side mounted motor offers plenty of ventilation in limited spaces and the LED display with digital controls make the units extremely easy to operate. The PIZZA-3D-E features a stainless steel exterior construction along with a painted aluminium interior. All Mitchel Refrigeration units use R134a Refrigerant compliant under Australian laws and regulations.
