

Oxford Series 6 Basket Noodle/Pasta Cooker

The high performance Oxford Noodle and Pasta Cooktop is perfect for quickly cooking quality pastas, noodles and dumplings for a consistent product every time.

Description

Heavy duty solution for an establishment that requires consistently cooked food every time

- A powerful 80 Mj/Hr burner combined with an excellent recovery time ensures that the Cooker can withstand the daily rigours of a busy establishment
- High quality componentry include Italian made gas controls and pilots with a flame failure device as standard to ensure safety in the kitchen
- A modular design means that the 6 Basket Cooker can be lined up with a Oxford Waterless Wok or an Oxford Series Gas Cooktop for a uniform look
- High quality 304 grade stainless steel construction
- Adjustable legs and compatibility with a large range of accessories
