

Digitech Pass-Through Dishwasher

Digitech Concorde Pass-Through Dishwasher

Description

The Digitech Pass-Through Dishwasher is designed for maximum ease of use, powerful cleaning performance, and energy efficiency. Its innovative hood design and anti-friction guides allow for smooth, effortless lifting, which reduces operator fatigue and boosts productivity and it accommodates GN 1/1 containers and large dishware, making it ideal for busy commercial kitchens. Press-moulded tanks and double filtering ensure a hygienic wash chamber free from internal pipes and sharp corners. The machine features ergonomic controls, easy-access maintenance, and versatile installation options to suit straight-line or corner setups.

- Hood Opening: 440 mm
- Washing Cycles: 3 cycles (90/120/180 seconds)
- Tank Capacity: 33 liters / Heating Power: 4.5 kW
- Boiler Capacity: 7 liters / Heating Power: 6.0 kW
- Wash Pump Power: 0.75 kW
- Rinsing Consumption: 2.6 liters per rinse
- Temperature Settings: Wash at 60°C, Rinse at 85°C
- Voltage : Multi-voltage 400V 3N, 230V 3, 230V 1

Additional Information

Boiler Capacity : 7 liters / Heating Power: 6.0 kW

Capacity : 33 liters / Heating Power: 4.5 kW

Product Depth : 817

Product Height : 1883

Product Width : 712
