

Oxford Series 8 Burner Cooktop w/ Gas Oven & Pilot Light (on left hand side)

8 burner cooktop including a gas oven underneath. The unit is a great option as a standalone cooktop for a smaller establishment that needs to expand their menu, create a variety of dishes by taking advantage of the oven underneath

Description

The Oxford Series BBT range gas cooktops offer flexibility and precision in the modern commercial kitchen. With a variety of sizes and options available, the BBT range can be suited for any scale and use. Built to stringent specifications using high grade stainless steel, the BBT range offers durability and quality. Powerful burners come fitted with a flame failure device as standard. All BBT products can be configured for use with Natural Gas or Propane. The 8BBT Cooktop with an electric convection oven offers great versatility as a standalone cooktop in a mid-sized kitchen. Expand your menu further and create new dishes that will wow your customers! The convection oven features a computerized control panel that makes it easier than ever to operate. The oven's large cooking chamber also fits standard GN pans and trays. Easy controls and a sturdy design make this unit a workhorse in the kitchen. The simple design also means that cleaning this unit is a breeze! If you prefer a gas oven, consider the 8BBT-OV which features a gas oven under the cooktop.
