

Oxford Series 8 Burner Cooktop with Pilot Light

8 burner cooktop with 216 MJ/hr total output. The unit is a great option as a standalone cooktop for a busy kitchen that has a varied menu.

Description

The Oxford Series BBT range gas cooktops offer flexibility and precision in the modern commercial kitchen. With a variety of sizes and options available, the BBT range can be suited for any scale and use. Built to stringent specifications using high grade stainless steel, the BBT range offers durability and quality. Powerful 27MJ/Hr burners come fitted with a flame failure device as standard. All BBT products can be configured for use with Natural Gas or Propane. The 8BBT Cooktop offers great versatility as a standalone cooktop in the busiest of kitchens that have a diverse and varied menu. Utilise and take advantage of the wide cooking surface with 8 burners by having several dishes cooking simultaneously side by side. Easy controls and a sturdy design make this unit a workhorse in the kitchen. The simple design also means that cleaning this unit is a breeze! For added flexibility with your menu, consider the 8BBT-OV which features a gas oven under the cooktop with a storage cabinet on the side.
