

GAS CHICKEN/GYRO ROTISSERIE LARGE

The Rotochix Charcoal Chicken Rotisserie range come in 9 Rods or 12 Rods variants with a capacity of roasting 54 and 72 chickens respectively. Built using high quality, 304 grade stainless steel, Rotochix Chicken Rotisseries are heavy duty units ideal for a busy establishment. The Rotisseries also feature a storage shelf underneath and have a unique refractory stone base that ensures you have a consistent and efficiently cooked product every time. The base can be made deeper by removing a layer of stones. Three independent chains power each tier.

– Best of both worlds! Charcoal tray in a Gas Rotisseries cooks upto six rods of chicken or giros at anytime with added charcoal flavour, Storage cabinet underneath.

GAS CHICKEN/GIROS ROTISSERIE LARGE GR-1500
