

Mitchel Refrigeration Stainless Steel Two Door Refrigerator

Choose Mitchel Refrigeration Stainless Steel Upright Refrigerators for the optimum mix of price, performance and efficiency.

Description

The Mitchel Refrigeration GN Series Refrigerators and Freezers come in single, double, four and six door variants. Featuring a large internal capacity, the GN Series features a solid body construction and a fan cooled, frost free design. All GN Series units fit standard gastronorm trays and come on castors for easy mobility. All GN Series products are fully MEPS approved and only use ozone friendly R134a and R404a refrigerants in accordance with Australian Law.

The 1175GNR2D has an internal capacity of 1175 litres and constructed with a 304 grade full stainless steel construction. This is a heavy duty model designed to withstand the harshest commercial kitchen environments.
