The Mitchel Refrigeration GN Series Refrigerators and Freezers come in single, double, four and six door variants. Featuring a large internal capacity, the GN Series features a solid body construction and a fan cooled, frost free design. All GN Series units fit standard gastronorm trays and come on castors for easy mobility. All GN Series products are fully MEPS approved and only use ozone friendly R134a and R404a refrigerants in accordance with Australian Law. The R1170FDGN has an internal capacity of 1170 litres and constructed with a 430 grade stainless steel exterior and a painted aluminium interior. The unit features a two full solid door design
